

Setare notificări în Bitrix24

1. Notificările apar în secțiunea **Notifications** (iconița din imagine). Verificați-le pentru a vedea eventuale clarificări.

The image shows a screenshot of the Bitrix24 web interface. The top navigation bar includes the company name 'FitnessMama 24', a search bar, the time '15:29', and user information for 'David Amoașii'. The main content area is titled 'Сроки' (Deadlines) and shows a calendar view with tabs for 'Мои', 'Просрочены', 'Комментарии', and 'Прочитать все'. A green arrow points to a notification icon in the top right corner. Below the main content, a 'Notifications' panel is open, displaying a list of notifications. The first notification is from 'David Amoașii' regarding a shared folder connection. The second notification is from 'David Amoașii' regarding a task comment. The left sidebar contains various application modules like 'Лента', 'Мессенджер', 'Календарь', etc.

2. Le puteți configura în **Setări notificări** pentru a le primi în browser, aplicație sau pe e-mail.
