

# Как проверить оплату в Stripe?

1. Открываем дашборд в страйпе — <https://dashboard.stripe.com/>

The screenshot shows the Stripe dashboard interface. On the left is a navigation sidebar with categories: Innko, Home, Balances, Transactions, Customers, Product catalog, Shortcuts (Reporting overview, Invoices, Subscriptions, Payment Links, Terminal), and Products (Payments, Billing, Reporting, More). The main content area is titled 'Today' and includes a search bar, 'Test mode' toggle, and utility icons. It displays 'Gross volume' for 'Yesterday' as \$0.00 at 3:42 PM, with a corresponding bar chart. Below this, it shows 'USD balance' as \$0.00 (Estimated future payouts) and 'Payouts' as \$8.48 (Deposited yesterday). A 'Pay out funds' button is visible in the top right. An 'Insight' card on the right states '85% of Chinese customers use Alipay' and suggests reviewing payment methods. At the bottom, the 'Your overview' section shows filters for 'Last 7 days' compared to 'Previous period' on a 'Daily' view.

2. Вводим в поисковой строке почту клиента и ниже должны отображаться все связанные платежи. Для более детальной информации о платеже можем нажать на него.

**Innko** | Test mode  |

Home | Balances | Transactions | Customers | Product catalog

Shortcuts: Reporting overview, Invoices, Subscriptions, Payment Links, Terminal

Products: Payments, Billing, Reporting, More
